In 2019, the Hartford Foundation for Public Giving established \$100,000 community funds for each of the 29 towns in the Foundation's geographic region, which includes Glastonbury. The funds are earmarked to support residents in taking ownership of their town's needs, to encourage broad and inclusive civic engagement, and to anchor the Foundation in each town. The established funds must be handled by an Advisory Committee for the Glastonbury Greater Together Community Fund that is diverse and representative of all of its residents. The Advisory Committee, utilizing a grantmaking process, will identify a community need(s) that will be most beneficial to or have the greatest impact on a majority of town residents.

To help decide whether to apply for membership in the Advisory Committee, please familiarize yourself with the role and its responsibilities by reading the information on the [Community Fund webpage](#) and [Glastonbury's Community Fund page](#).

**Please complete the information below if you wish to be included for consideration as an Advisory Committee member.**
