2023 Grant Opportunities
Information Session
Our mission:
Putting philanthropy into action to create lasting solutions that result in vibrant communities within the Greater Hartford region.

Our strategic goals:

Dismantle Structural Racism
- **Shifting power**: change makeup of who benefits from opportunity (program, service, experience, funding) and who makes decisions about practice, policy and allocation of resources
- **Building power (policy and practice)**: support and lead efforts to change organizational and systemic policies and practice to advance racial and ethnic equity
- **Influencing attitudes and beliefs**: support and lead awareness, education, training and movement building to address individual, organizational and systemic bias

Advance Equitable Economic and Social Mobility
Support strategic outcomes contributing to residents’ efforts to reach their potential (prioritizing residents of color)
- Increase number of Hartford residents living in higher opportunity neighborhoods
- Improve physical and emotional wellbeing of residents
- Increase employment opportunities for Black and Latinx residents
- Increase civic engagement, participation and awareness
- Increase equity and inclusion in the arts sector

*Definitions will be informed and evolve through learning
