

# Farmington Food Pantry Awarded \$3,000!

***Mission: To provide a respectful, empowering environment where supplemental food and personal care items are available to individuals who need assistance in Farmington.***

## **Program Funded:**

The Farmington Food Pantry has been awarded a grant of \$3,000 to support the Farm to Food Pantry Initiative. This initiative will allow it to provide its clients with locally-sourced, fresh produce. By increasing access to fresh local produce, the Pantry will encourage and promote healthy eating to our clients and support a local Farmington farm.
